Uploading Postings

When you click the tab you will see links to Download Template and Download Lookup Legend. You will need to download these to format your upload correctly so that it will be accepted.

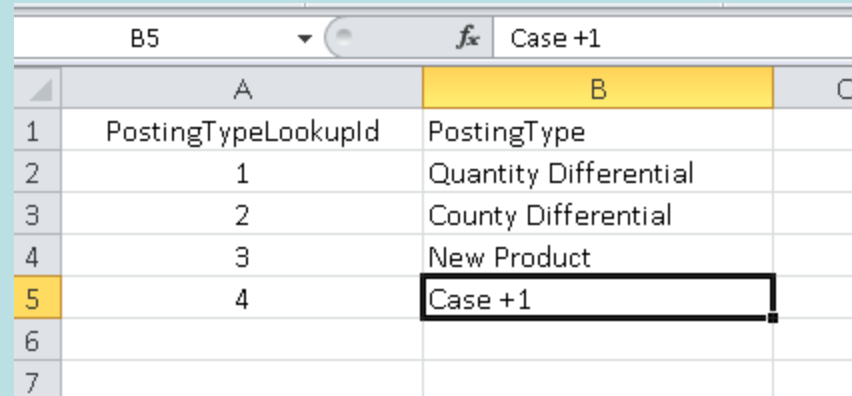

Uploading Postings

Open the template and the Lookup Legend in separate spreadsheets so that you can access them both. The template looks like this:

	A	B	C	D	E	F	G	H	I	J
1	Posting Type Lookup Id	Beginning Date	End Date	Brand Name	Size And Package	Case Quantity	Posting Price Per Case	Cash Price After Posting	Counties	Note
2										
3										
4										
5										
6										
7										

The posting type Lookup ID is a code that you will get from the Lookup Legend:

	A	B	C
1	PostingTypeLookupId	PostingType	
2	1	Quantity Differential	
3	2	County Differential	
4	3	New Product	
5	4	Case +1	
6			
7			

These are all the posting types available and must be added to the template as one of these code numbers under that specific column to specify the posting type.

Uploading Postings

The template must be used as is for the upload as a .csv file exactly as it was downloaded. Do not add columns or change the headers. Format the information you have to upload to fit the template using the correct codes for posting type then copy the information into the template. Example shown below. Notice Counties is a text field with multiple county names separated by commas

Posting Type Lookup	Beginning Date	End Date	Brand Name	Size And Package	Case Quantity	Posting Price Per Case	Cash Price After Posting	Counties	Note
