APPLICATION FOR A LIMITED NON-RENEWABLE REGISTRATION

[Section 489.117 \(3\)\(a\), Florida Statutes](#), states, “Upon findings of fact supporting the need therefor, the board may grant a limited non-renewable registration to a contractor not domiciled in the state, for one project. During the period of such registration the board may require compliance with this and any other statute of the state.”

The authority to issue a limited non-renewable registration lies solely with the Board. Applicants should allow an additional 60 days following Central Intake’s acknowledgment of a completed application for the application to be forwarded and reviewed by the Board. The applicant’s attendance at this meeting is not required, but it is highly encouraged.

Please note that the facts supporting a need for a limited non-renewable registration are very stringent and applications are rarely approved by the Construction Industry Licensing Board.
