RULES/PUBLIC/LEGISLATIVE COMMITTEE – MARK PIETANZA

Mr. Pietanza gave the following report:

The Rules/Public/Legislative Committee did not convene this month.

AD HOC COMMITTEE – DON WILFORD/MARK PIETANZA

Mr. Pietanza gave the following report:

Mr. Pietanza stated that discussion took place regarding how the board should review applications, and what is in their statutory authority to do, and three main issues came up: how the board determines good moral character, how the board determines financial stability and responsibility, and how the board interprets the experience listed on the applications. The Department's processes for approving applications without board review were also discussed. Mr. Del Vecchio requested that the board be presented with the list the Department uses regarding criminal convictions, and which convictions require board review and which ones don't. Mr. Harrell informed the board that the target date for the new applications to go live will be three months, and he'd like to have these issues worked out prior to that date. Mr. Harrell stated that this topic will continue to be discussed at future Ad Hoc meetings.

With nothing further to report the board voted unanimously to approve this report.

OLD BUSINESS

Removal of Board materials from lap tops.

NEW BUSINESS

Mr. Harrell stated that it's very important for board members to remember that if they're contacted by people about the decisions made during the meetings, to refer those to him. Mr. Harrell also reminded the board members that it's very important they not contact anyone individually that appears in front of the board for business.

Mr. Harrell also stated that Mr. Pietanza and himself have asked the Department to provide some sort of general training for board members, and that Mr. Pietanza has attempted to take that training a little further.

With no further business the meeting was adjourned at 10:30am.
