ATTORNEY GENERAL'S REPORT – DANIEL BIGGINS

POOLE & KENT COMPANY OF FLORIDA, INC – PETITION FOR DECLARATORY STATEMENT

The petition for declaratory statement was withdrawn.

DANNY BOROMEI, CLOSE CONSTRUCTION, LLC. – PETITION FOR DECLARATORY STATEMENT

Neither Mr. Boromei nor a representative from Close Construction, LLC were present.

Mr. Biggins presented this case stating Danny Boromei and Close Construction, LLC filed a petition for a declaratory statement on January 3, 2012. The petition was noticed in the Florida Administrative Weekly on January 20, 2012. Mr. Biggins noted the petition requests the Board interpret Section 489.113, Florida Statutes, and whether the petitioner is required to obtain a plumber's license for construction on a municipal public works water distribution system. Mr. Biggins asked the board to consider whether or not the petition meets the criteria for a declaratory statement, and to dismiss or answer as appropriate.

After discussion the board voted that the petitioner had standing. After further discussion the board that that a general contractor can, under the scope of his license, run water piping in a water treatment plant and associated distribution systems, and that a general contractor can install pre-manufactured blowers in plants.

JUAN CARLOS CACCIAMANI – RECOMMENDED ORDER

Mr. Cacciamani was not present but Executive Director Drew Winters read into the record a statement by Mr. Cacciamani's counsel, Tim Atkinson.

Mr. Biggins presented this case stating Mr. Cacciamani's application to reinstate his Null & Void certified general contractor's license was denied at the February 2011 meeting of the board for failure to present evidence of a good faith effort to comply with the license renewal statutes and rules and failure to present evidence that rises to the level of illness or unusual hardship. The Notice of Intent to Deny was filed in March of 2011. Mr. Cacciamani timely requested a formal hearing with the Division of Administrative Hearings. That hearing was concluded on January 13th, 2012 and in the Recommended Order the Administrative Law Judge recommended the Construction Industry Licensing Board enter a final order approving Mr. Cacciamani's application for reinstatement of his certified general contractor's license.

After discussion the board voted to adopt the finding of fact and conclusions of law. The board then voted to uphold the denial of the application.

ISTA NORTH AMERICA, INC. – PETITION FOR DECLARATORY STATEMENT

Mr. Biggins informed the Board that the petitioner had requested a continuance.

The board voted to grant a 30 day continuance.

BENJAMIN KING – REQUEST FOR INFORMAL HEARING

Mr. King was present with Counsel Fred Dudley.

Mr. Biggins presented this case stating Mr. King's application for initial issuance of a certified general contractor's license was denied at the November 2011 meeting for failure to demonstrate the required experience and because the application appeared to contain false information as testimony differed from the application. The Notice of Intent to Deny was filed in December of 2011. Mr. King timely requested board reconsideration.

After discussion the board voted to approve the application as a downgrade to a certified residential contractor's license.

MIKE LEFEBVRE – PETITION FOR A DECLARATORY STATEMENT

Mr. Lefebvre was not present.

Mr. Biggins presented this case stating Mike Lefebvre filed a petition for a declaratory statement on January 9, 2012. The petition was noticed in the Florida Administrative weekly on January 20, 2012. Mr. Biggins noted the petition appears to be requesting an interpretation of Section 489.105, Florida Statutes, and whether a Division I contractor is required to have a Glass & Glazing License, in addition to a Division I contractor's license, in order to install windows or do glazing on a building that falls within the scope of their license. Mr. Biggins asked the board to consider whether or not the petition meets the criteria for a declaratory statement, and to dismiss or answer as appropriate.

After discussion the board voted that the petitioner did not have standing and the petition was not further considered.

ALDRIA WHITE – PETITION FOR A DECLARATORY STATEMENT

Ms. White was not present.

Mr. Biggins presented this case as a petition for a variance and waiver of Rule 61G4-16.005, Florida Administrative Code, to extend the duration of validity of her certified building contractor's exam scores. The petition was filed January 20, 2012. The petition was noticed in the Florida Administrative Weekly on February 3, 2012.

OLD BUSINESS

Removal of Board materials from lap tops.

NEW BUSINESS

Ms. Watts proposed to the board that the Department institute some sort of requirement that when a Financially Responsible Officer leaves a company, he submit a change of status application so that the board can review the financial responsibility of the qualifying agent. Mr. Winters informed Ms. Watts that the Department will look into the issue.

Mr. Moody also stated that Rule 61G4-15.001, Florida Administrative Code, is currently missing the types of license that can verify the experience for a certified pollutant storage contractor. Mr. Moody suggested that the following contractors possibly be listed: general contractor, building contractor, plumbing contractor, and mechanical contractor. Mr. Biggins indicated that previous attempts to open that Rule up failed.

With no further business the meeting was adjourned at 9:42 am.
