The Notice of Intent to Deny was filed in December of 2019. Mr. Beerman timely requested an informal hearing.

After discussion, the Board voted to vacate the previous denial and to approve the application as a downgrade to a Certified Building Contractor.

**BLANCO, MANUEL – PETITION FOR DECLARATORY STATEMENT**

Mr. Blanco was not present.

Mr. Barnhart presented this case stating Mr. Blanco filed a petition for a Declaratory Statement on December 12, 2019. The petition was noticed in the Florida Administrative Register on January 21, 2020. Mr. Barnhart noted the petitioner asked whether a contractor possessing a certificate of competency issued by the Department of Business and Professional Regulation is exempt from ordinances adopted by the commissioners of a county.

After discussion, the Board voted to deny the petition.

After discussion, the Board voted to deny the petition, finding that the petitioner did not establish that the purpose of the underlying statute has been or will be met if the petitioner was granted a variance or waiver, and finding that the petitioner failed to establish that the Board's application of the rule to petitioner's circumstances would violate the principles of fairness or impose a substantial hardship.

After discussion, the Board voted to deny the petition, finding that the petitioner did not establish that the purpose of the underlying statute has been or will be met if the petitioner was granted a variance or waiver, and finding that the petitioner failed to establish that the Board's application of the rule to petitioner's circumstances would violate the principles of fairness or impose a substantial hardship.

A motion was made and passed to remove the word “or aggravating” from Rule 61-G4-17.002 Aggravating and Mitigating Circumstances. The rest of the language was accepted. The Board voted that no SERC would be required, that violation of the rule should not be considered a minor violation and result in a Notice of Non-Compliance, and that new “sunset date” provision not be added to the rule language.

Discussion also took place, with the Florida Nursery Growers and Landscapers Association about the revisions of Rule 61-G4-15.035 Certification of Irrigation Specialty Contractors. The Board indicated that more discussion on the language would take place at a future meeting.
