Mr. Harrell informed the board that shirts were available for purchase by board members and staff. Mr. Janecek informed the board that order forms and checks are due on August 17, 2007.

Mr. Harrell provided an update on the department's document imaging project, and informed the board that Secretary Benson was eager to see the Construction Industry Licensing Board be the first board to hold a paperless meeting. He suggested that the board members may begin seeing electronic board materials as early as February, 2008. Additionally, Mr. Harrell reminded the board about the upcoming legislative special session.

Representatives from the swimming pool industry addressed the board regarding the January 1, 2008, deadline for completing the swimming pool specialty contractors practical examination, pursuant to Rule 61G4-16.0021, Florida Administrative Code. Mr. R. Bruce Kershner, speaking for the swimming pool industry, asked the board to extend that deadline to allow the associations time to increase their publicity and promotion of the program. Additionally, Mr. Harrell reminded the board that the cost for preparing a written examination would be approximately \$52,000. Ms. Watts motioned to extend the deadline for one year, with written examination development to commence within 10 months. The motion passed unanimously. The board also cautioned the industry and stated that they would not approve a subsequent extension in the future.

The board unanimously voted to approve the report.

III. CHAIRMAN'S REPORT – RAYMOND HOLLOWAY

Mr. Holloway asked the board to vote to excuse the absences of Mr. Cook and Mr. Stewart. The board unanimously voted to approve the absences.

Mr. Holloway informed the board that this would be Ms. Guillemette's final meeting serving as counsel to the board. IV. PROSECUTING ATTORNEY'S REPORT – APRIL HAMMONDS

Ms. Hammonds presented the local disciplinary order agenda and informed the board that tab A1 had been pulled from the agenda.

The board unanimously voted to approve the report.

V. RECOVERY FUND ATTORNEY'S REPORT – MARC DREXLER

Mr. Drexler provided a report on the status of the Florida Homeowners' Construction Recovery Fund, and provided an overview of the Collections cases from calendar year 2006, which indicated total collection in the amount of \$211,651.34.

The board unanimously voted to approve the report.

VI. ATTORNEY GENERAL'S REPORT – DIANE GUILLEMETTE

Ms. Guillemette introduced Mr. Biggins, who will begin serving as counsel to the board. Mr. Biggins reported to the board that William Oglo will also be joining him in the future, to serve as co-counsel to the board.

Ms. Guillemette presented the litigation list to the board.

Ms. Guillemette proceeded to present the cases that are part of her report that require action by the board. The following cases were reviewed.

A. ARXX – PETITION FOR WAIVER OF RULE 61G4-18.003

There were no representatives of ARXX present at the hearing.

Ms. Guillemette presented the case, stating that Ms. Sylvie Lefebvre filed a petition for waiver of rule on June 20, 2007. The petition was noticed in the Florida Administrative Weekly on July 27, 2007. Ms. Lefebvre's petition states that her company had difficulty attending the continuing education seminar held by the department during the last renewal cycle.

After discussion, the board voted unanimously to deny the petition, stating on record that there was no evidence of a hardship, and that there was no valid reason for the company's representatives to miss the seminar.

B. OSCAR BEHNCKE, WWJD ENGINEERING – REQUEST FOR INFORMAL HEARING

Mr. Behncke was not present at the hearing.

Ms. Guillemette presented the case, stating that Mr. Behncke's application, as well as WWJD Engineering's application for qualified business, were denied at the April, 2007, meeting of the board. The basis of the denials was failure to provide proof of experience. Mr. Guillemette stated that Mr. Behncke timely filed a request for informal hearing regarding both applications and asked the board to consider the request.

After discussion, the board voted unanimously to uphold the denial of the applications, citing the same reasons as noted in the notices of intent to deny.

C. WAYNE ESELTINE – PETITION FOR DECLARATORY STATEMENT

Mr. Eseltine was present and was sworn-in by the court reporter.

Ms. Guillemette presented the case, stating that Mr. Eseltine, a building official from the City of Sebastian, filed a petition for declaratory statement. She noted that the petition requests guidance regarding the conduct of another person, which oversteps the authority of a declaratory statement. Ms. Guillemette asked the board to consider whether the petition meets the criteria for a declaratory statement, and to dismiss or answer, as appropriate.

The board voted unanimously to accept the petition, and answered in the affirmative, advising that the work outlined in Mr. Eseltine's petition requires a plumbing contractors license.

D. SIXTO GAVILANES, GOLDSMITH CONSTRUCTION – REQUEST FOR INFORMAL HEARING

Mr. Gavilanes was present and was sworn-in by the court reporter.

Ms. Guillemette presented the case, stating that Mr. Gavilanes' endorsement application, as well as Goldsmith Construction's application for qualified business, were denied at the November, 2006, meeting of the board. Ms. Guillemette advised the board that the notices of intent to deny were received on March 8, 2007, and Mr. Gavilanes' request for new hearing or reconsideration was filed with the department on May 17, 2007.

After discussion, the board voted unanimously to deny the requests, stating as grounds that the requests were received untimely.

E. STEVE HOEGGER, STEVE HOEGGER & ASSOCIATES – REQUEST FOR INFORMAL HEARING

Mr. Hoegger was present and was sworn-in by the court reporter.

Ms. Guillemette presented the case, stating that Mr. Hoegger's application, as well as Steve Hoegger & Associates' application for qualified business, were denied at the February, 2007, meeting of the board. Ms. Guillemette advised the board that Mr. Hoegger timely requested a reconsideration of the denial and submitted an affidavit signed by an architect licensed in Arkansas.

After discussion, the board voted unanimously to approve the application with a downgrade to a building contractors license.

F. JOHN HIGGINS – REQUEST FOR RECONSIDERATION OF PARTIAL COURSE DENIALS (CE)

Mr. Higgins was not present at the hearing.

Ms. Guillemette presented the case, stating that Mr. Higgins' applications for approval of CE courses were partially denied at the May, 2007, meeting of the board. She advised that the notices of intent to deny reflected the basis of the partial denials and further advised that Mr. Higgins submitted a course syllabus and timeline for each of the courses with his request for reconsideration. Ms. Guillemette reported that the postal service reflects that the notices of intent to deny were received on June 14, 2007, and stated that Mr. Higgins' requests were stamped in by the department on July 7, 2007.

After discussion, the board voted unanimously to deny the requests, stating as grounds that the requests were received untimely.

G. CHETWOOD F. JOHNSON, CHET JOHNSON PLUMBING CONTRACTORS, INC. – REQUEST FOR INFORMAL HEARING

Mr. Johnson was present, as well as Luis Valladares, Mr. Johnson's pastor, and both were sworn-in by the court reporter.

Ms. Guillemette presented the case, stating that Mr. Johnson's application, as well as Chet Johnson Plumbing Contractors, Inc.'s application for qualified

business, were denied at the May, 2007, meeting of the board, based on a lack of good moral character as evidenced by a previous criminal conviction for conspiracy. Ms. Guillemette advised the board that the notices of intent to deny were received on June 8, 2007 and Mr. Johnson's requests for informal hearing were received by the department on June 18, 2007.

After discussion, the board voted unanimously to approve the applications, with the condition that Mr. Johnson will serve on probation for a period of two years.

H. JOHN MASSARO – REQUEST FOR INFORMAL HEARING

Mr. Massaro was present and was sworn-in by the court reporter.

Ms. Guillemette presented the case, stating that Mr. Massaro's application was denied at the April, 2007, meeting of the board, based on failure to provide proof of experience. Ms. Guillemette advised the board that the request was timely filed, and asked the board to consider the request.

After discussion, the board voted unanimously to uphold denial of the application.

I. CHRIS PICKERING – REQUEST FOR CE CREDIT FROM UNAPPROVED PROVIDER

Mr. Pickering was not present.

Ms. Abbott informed the board that Mr. Pickering had requested a continuance for 30 days. The board voted unanimously to grant the request for continuance.
