The petition was noticed in the Florida Administrative Register on May 31, 2013. The Board granted the petition at its duly-noticed public meeting held on June 14, 2013. Upon consideration of a Motion for Reconsideration of Final Order or in the Alternative Motion to Intervene from The Florida Roofing, Sheet Metal and Air Conditioning Contractors Association Inc. ("FRSA") at its meeting on August 16, 2013, the Board vacated its previous order.

Mr. Barnhart stated the petitioner does not state which statute he seeks the Board to interpret. However, the petitioner appears to be requesting the Board's interpretation of Section 489.105 (3)(m), Florida Statutes, as to whether a plumbing contractor can install the company's solar water heating system. The petitioner filed an addendum to the petition, clarifying that the definition of their plumbing contractor's license states they do not need an outside (roofing) contractor to install a solar water heating system, which consists of an 80 gallon water heater tank and 4x10 solar collector, which is normally installed on the roof. The petitioner seeks the Board's opinion as to whether their plumbing license is sufficient to install the solar water heating system without a roofing contractor's license.

Mr. Barnhart asked the board to consider whether or not the petition meets the criteria for a declaratory statement, and to dismiss or answer as appropriate.

After discussion, the Board voted the petitioner had the proper standing.

The Notice of Intent to Deny was filed in August of 2013. Mr. Wellet timely requested board reconsideration.

After discussion, the Board voted to vacate the previous denial and approve the application.

The Notice of Intent to Deny was filed in February of 2013. A Petition for Formal Hearing and Evidentiary Hearing was filed by the applicant on March 21, 2013. On April 24, 2013, the Division of Administrative Hearings entered an Order relinquishing jurisdiction over the matter to allow presentation of the application to the Board for reconsideration.

After discussion, the Board voted to vacate the previous denial and approve the application.

KENNETH WILSON – REQUEST FOR INFORMAL HEARING

Mr. Wilson was not present.

Mr. Barnhart presented this case stating that Mr. Wilson's application for change of status of a certified general contractor's license was denied at the January 2013 meeting of the Board because the applicant's financially responsible officer was the subject of a pending investigation, which was basis to deny issuance of a license pursuant to section 455.213, Florida Statutes, and the merits of the application were not further considered.
