REVIEW OF THE MINUTES

- **FINAL ACTION – April 2007**

The Board voted unanimously to approve these minutes.

EXECUTIVE DIRECTORS REPORT – GW HARRELL

Mr. Harrell gave the following report:

Mr. Harrell thanked for the board for the reception the board gave Secretary Holly Benson.

Mr. Harrell stated that Holly Benson's new initiatives to streamline and increase the effectiveness of the Department were underway, and that Mr. Janecek had created a training manual for the processors in Central Intake to increase productivity. Mr. Harrell commended Mr. Janecek for the creation of the manual. Ms. Watts stated she was very impressed with the presentation that was given. Ms. Watts stated Central Intake was working very hard, and Mr. Janecek's presentation did a good job of conveying the concerns of the board to the processors in Central Intake. Mr. Harrell confirmed the change occurring in the Department. Mr. Harrell also stated Andy Janecek has made changes to the Endorsement application to make it clearer to applicants just how stringent the requirements are for endorsement applications. Mr. Harrell also mentioned that Ms. Abbott was working with the Office of the General Counsel and the Attorney General's Office to streamline the processing of final orders, and in the next month will present ideas to the board, and solicit ideas from the board, on changes to the probation system.

Mr. Harrell also mentioned that it appears widespread cases of application fraud has been discovered. Mr. Harrell stated that an investigator with the Department recently uncovered, through an anonymous email, a website where a general contractor was soliciting his license to verify experience for \$2,500. The Division of Regulation is still working on the application audits. Mr. Harrell also mentioned a system will be implemented to track people who verify for more than one person, and that people around the Department got pretty fired up about this issue.

Mr. Harrell also mentioned that Central Intake has begun to redraft the deficiency letters and is beginning to use more plain language, in accordance with the Governor's policy, and that process is underway. Mr. Harrell also mentioned that Central Intake is in the process of implementing a document imaging system in an attempt to go mostly paperless, and that a paperless meeting might be a reality in the near future. Ms. Brown asked if the reinstatement of Null & Void applications would be created soon. Mr. Harrell stated that is underway, and the renewal reminders will continue to be mailed out. Letters will also be created to inform the applicants the requirements of the Null & Void license application.

Mr. Harrell also requested the board consider about extending the practical exam for specialty pool contractors. Mr. Harrell stated there are 27 licensed specialty pool contractors in the state. The cost of creating new exams for each of the specialty license categories would be \$45,000 per exam. Extending the practical exam for another year would give the Department the opportunity to see if there would be more applicants, and to see if the practical exam is meeting the needs of the Department. Mr. Harrell asked the opinion of Ms. Brown, the licensed pool contractor for the board. Ms. Brown stated that the people who should be getting the license don't care and aren't going to do anything to get this license until their forced to. Ms. Brown

stated she did not know what the solution is and that these licenses do not mean anything to them. A representative from the United Pool Association spoke and confirmed what Ms. Brown said. He also stated that because this is a voluntary license, there is no enforcement, and because there is no enforcement, there is no incentive to get the license. A representative from the National Spa and Pool Association was also present and stated that about 500 of their members have obtained the education to get the license and are still working on the paperwork. Mr. Del Vecchio stated that significant contribution from the industry needed to be provided, and that the written examination is more accurate to gauge their competency. Mr. Del Vecchio stated that main point is the ability to pass a written examination and spending the money to develop these exams, or continuing with the practical exam. Mr. Kalmanson stated that it is pointless to have an exam that nobody will pass. The representative from the United Pool Association stated the reason for the hesitancy to implement the written exam is because there is no statutory authority to grandfather people who have been doing this work for a significant amount of time. Ms. Brown stated that if the practical exam deadline was not extended, it would give people incentive to obtain the license. Extending it for a year would just make people push back getting the license even further. Mr. Harrell stated this issue should be revisited in the late summer or fall to see if more people have obtained licensure and to see how enforcement is coming along.

Mr. Harrell brought up that that legislature passed quite a few bills related to construction, including Senate Bill 404, which requires criminal background checks and established net worth requirements of \$10,000 to \$20,000, which can be alleviated by taking a 14 continuing education course. The Department's bill required criminal background checks for construction applicants and required those be submitted electronically, with a fee to be assessed. The bill also stated the board can impose credit score and bonding requirements. A new requirement that one of hour of Laws and Rules must be included for continuing education.

Mr. Harrell also informed the board to be aware of House Bill 7057 which would require the board to oppose a one hour continuing education requirement on applicable categories of contractors for wind mitigation courses.

Mr. Harrell also introduced Michael Green, the new Unlicensed Activity Coordinator. The Department has also secured Bob Vila to do unlicensed activity spots for the Department. Mr. Green announced that the new program is now completely staffed. Mr. Green informed the board that over 40 presentations have been given by the Department on unlicensed activity awareness, over 120 sweeps have been performed, and over 2,000 license checks have been performed as a result of those sweeps. 800 sites have been visited, 40 notices of non-compliance have been issued and 107 citations for unlicensed activity, and over 60 cease and desist orders have been issued and 3 arrests. Mr. Del Vecchio if there has been participation with local jurisdictions and Mr. Green stated that some have been, and that's its helpful when they are. Mr. Green stated that the jobsite visits are mainly residential, but a good amount of them are to commercial sites.

Ms. Guillemette stated that, in regards to the pool specialty licensing issue, she would need a minimum of 90 days to implement the rule change, meaning the latest information could be given to her would be in September.

With nothing further to report the board voted unanimously to approve this report.

CHAIRMAN'S REPORT – PAUL DEL VECCHIO

Mr. Del Vecchio gave the following report:

Mr. Del Vecchio acknowledged Mr. Thornton's service to the board and announced that Mr. Thornton has had to resign, but offered to stay on until the Governor can fill his slot. The board gave him a round of applause and presented him with a plaque.

Mr. Del Vecchio also announced that the Nominating Committee convened the previous day and elected Barry Kalmanson as Vice Chair. Mr. Kalmanson accepted the position.

With nothing further to report the board voted unanimously to approve this report.

PROSECUTING ATTORNEY'S REPORT – APRIL HAMMONDS

Ms. Hammonds gave the following report:

For the month of April 2007, the overall case load was 1,682, down from 1,786 in March of 2007, and up from 1,436 in April 2006.

There were 659 cases to be reviewed in Legal, 110 cases set for probable cause, and 210 cases where probable cause had been found/administrative complaints filed. 85 cases were ready for default, 31 cases had stipulations executed/informal hearings requested, 211 had requested formal hearings. There were 20 cases referred to DOAH, 82 cases in settlement negotiations, 184 cases awaiting final orders, and 90 cases set for board presentation. There were 0 cases under appeal and 0 cases reopened. 187 cases were closed for the month of April.

The board unanimously voted to adopt local discipline against the following registered contractors:

Susan K. Lecei (RR 282811416) – 2007021029 – Revocation, fine, and restitution.

Ms. Hammonds stated that over 350 cases had been opened just last month for construction, which was an all time high.

With nothing further to report the board voted unanimously to approve this report.

RECOVERY FUND ATTORNEY'S REPORT – MARC DREXLER

Mr. Drexler gave the following report:

So far this fiscal year, \$853,690.13 has been disbursed with another \$519,795.00 obligated. Total disbursed and obligated this fiscal year so far, not including the May 2007 meeting, is \$1,373,485.13. Mr. Drexler also stated that a lot of claims will be presented at the June meeting, so that number will go up.

285 claims are pending as of May 7th. 176 cases had been received this year, with 67 of those ineligible. 41 cases were received in April, of which 24 were ineligible. 5 cases were recommended for denial and 14 were presented to the committee.

There are currently 169 cases incomplete over 180 days, and 115 cases incomplete under 180 days. There are currently 4 cases under appeal.

Over the last year the amount of claims has more than doubled. It's routine now for 40 or 50 claims a month to be received. And the Recovery Fund is now fully staffed meaning more and more claims will be presented to the committee. Mr. Drexler also informed the board that a claim against a bond had recently been made, and the Department received a \$14,000 payment from the bond company.

With nothing further to report the board voted unanimously to approve this report.

ATTORNEY GENERAL'S REPORT – DIANE GUILLEMETTE

Ms. Guillemette formally introduced Samantha Hunter as board co-counsel.

SHAWN BROWN & SYNERGY DESIGN-BUILD DEVELOPMENT GROUP, INC. – REQUEST FOR INFORMAL HEARING

Mr. Brown was present.

Ms. Guillemette presented this case stating Shawn Brown's application for initial licensure as a certified general contractor was denied at the January 2007 meeting of the board for failure to demonstrate the required experience and because the applicant was the subject of pending discipline. As a result, the qualified business license for Synergy Design-Build Development Group, Inc. was denied for failing to have a qualifying agent. The Notices of Intent to Deny were filed in April of 2007. Mr. Brown timely requested board reconsideration.

After discussion the board voted unanimously to approve the application for a certified building contractor's license.

LUIS CARVAJAL, JUAN CARLOS PATTERSON, & X-TREME COOL SERVICE CORPORATION – REQUEST FOR INFORMAL HEARING

Mr. Carvajal was present.

Ms. Guillemette presented this case stating Luis Carvajal's application to qualify an additional business entity with his certified class A air conditioning contractors license was denied at the January 2007 meeting of the board for failure to appear as required. As a result, the qualified business application for X-Treme Cool Service Corporation was denied for failing to have a qualifying agent. Subsequently, the financially responsible officer application for Juan Carlos Patterson was denied. All three Notices of Intent to Deny were filed in April 2007. Mr. Carvajal and Mr. Patterson timely requested board reconsideration.

After discussion the board voted unanimously to continue the applications for 60 days and have the applications appear in front of the Additional Business Entities Committee at that time.

JOHN COOK & CUSTOM DESIGN CONTRACTOR, INC. – REQUEST FOR INFORMAL HEARING

Mr. Cook was present.

Ms. Guillemette presented this case stating John Cook's application for initial licensure as a certified general contractor was denied at the March 2007 meeting of the board for failure to demonstrate the required experience. As a result, the application for Custom Design

Contractor, Inc. was denied for failing to have a qualifying agent. The Notices of Intent to Deny in April of 2007. Mr. Cook timely requested board reconsideration.

After discussion the board voted unanimously to uphold the denial of the application.

GEORGE S. GARNER – PETITION FOR DECLARATORY STATEMENT

Mr. Garner was present.

Ms. Guillemette presented this case as a petition for a declaratory statement for clarification Ch. 489.105 (3)(m), Florida Statutes. The petition was filed in March of 2007 and was noticed in the Florida Administrative Weekly on April 6, 2007. After discussion the board voted that the petitioner had standing.

After further discussion the board denied the petition as the petitioner is currently in litigation regarding this matter.

VINCENT LLOYD GRAHAM – REQUEST FOR REINSTATEMENT OF STAY OF SUSPENSION

Mr. Graham was present.

Ms. Guillemette presented this case as a petition to reinstate the stay of suspension on Mr. Graham's certified building contractor's license. The probation was imposed as a result of discipline from case 99-03618 & 2000-02729. The stay of suspension was lifted in January of 2007 for failure to appear. The petition for reinstatement was filed in March of 2007.

After discussion the board voted unanimously to deny the request.

CHARLES LEE GREENWOOD – PETITION FOR VARIANCE AND WAIVER

Mr. Greenwood was not present and withdrew this petition.

BRUCE LYNAM – REQUEST FOR RECONSIDERATION OF PARTIAL COURSE DENIAL

Mr. Lynam was present.

Ms. Guillemette presented this case stating the course provider application for Bruce Lynam for a Medical Gas Installer Certification Course was partially denied at the November 2006 meeting of the board for failing to demonstrate the necessary qualifications. The Notice of Intent to Deny was filed in February of 2007. Mr. Lynam timely requested board reconsideration.

After discussion the board voted unanimously to continue the application for 60 days and send it back to the Exams/CE/Public Awareness Committee.

THE MEDIA FACTORY – REQUEST FOR RECONSIDERATION OF COURSE DENIAL

A representative from The Media Factory, Inc. was present.

Ms. Guillemette presented this case stating the course applications for The Media Factory, Inc. d/b/a pcepatdh.com was denied at the March 2007 meeting of the board for failing to properly

provide the proper internet tracking. The Notice of Intent to Deny was filed in April of 2007. The Media Factory, Inc. timely requested board reconsideration.

After discussion the board voted unanimously to approve the course application.

ERIC SCHWEICKERT – PETITION FOR VARIANCE AND WAIVER

Mr. Schweickert was not present. Bruce Kershner was also present.

Ms. Guillemette presented this case as a petition for variance and waiver of Rule 61G4-15.021. The petition was filed in March of 2007 and was noticed in the Florida Administrative Weekly on April 6th, 2007.

After discussion the board voted unanimously to deny the petition.

DAVID SMITH – REQUEST FOR REINSTATEMENT OF NULL & VOID LICENSE

Mr. Smith was not present.

Ms. Guillemette presented this case stating David Smith submitted a petition to reinstate his Null & Void certified general contractor's license. The petition was filed in February of 2007. Mr. Smith's license went delinquent in August of 2002 and went Null & Void in August of 2004.

After discussion the board voted unanimously to deny the request.

MIKE STORMS – REQUEST FOR REINSTATEMENT OF NULL & VOID LICENSE

Mr. Storms was present.

Ms. Guillemette presented this case stating Mike Storms submitted a petition to reinstate his Null & Void certified general contractor's license. The petition was filed in January of 2007. Mr. Storms license went delinquent in August of 2002 and went Null & Void in August of 2004.

After discussion the board voted unanimously to deny the request.

RODNEY WILLIAMS – REVIEW OF RECOMMENDED ORDER

Mr. Williams was not present.

Ms. Guillemette presented this as a request to adopt the recommended order based on the administrative law judge's recommendation. Mr. Williams had previously submitted a petition to reinstate a null & void license. The board denied that request and the applicant filed an appeal with the Division of Administrative Hearings. The hearing was held in January of 2007 and the Recommended Order was issued in March of 2007. The administrative law judge upheld the denial but stated the petitioner should get his untimely fees refunded.

After discussion the board voted unanimously to adopt the recommended order.

NEIL WOOTEN, KEVIN MILLARD, & HURRICANE GLASS SHIELD, INC. – REQUEST FOR INFORMAL HEARING

Mr. Wooten was present.

Ms. Guillemette presented this case stating Neil Wooten's application to qualify an additional business entity with his certified specialty structure contractor's license and registered residential contractor's license was denied at the November 2006 meeting of the board for failure to appear as required. As a result, the qualified business application for Hurricane Glass Shield, Inc. was denied for failing to have a qualifying agent. Subsequently, the financially responsible officer application for Kevin Millard was denied. The Notices of Intent to Deny were filed in March of 2007. Mr. Wooten and Mr. Millard timely requested board reconsideration.

After discussion the board voted unanimously to continue the application for 60 days and have it appear in front of the Additional Business Entities Committee at that time.

RULE 61G4-15.0021 – WORKSHOP REQUEST

The request for the workshop was withdrawn.

RULE 61G4-15.001 – WORKSHOP REQUEST

The request for the workshop was withdrawn.

ROBERT MUZZO – REQUEST FOR INFORMAL HEARING

Mr. Muzzo was present.

Ms. Hunter presented this case stating Robert Muzzo's application for a change of status for his certified building contractors license was denied at a previous meeting for failure to demonstrate good moral character. Mr. Muzzo's denial was upheld after an informal hearing. Mr. Muzzo then went to the District Court of Appeals and the appellate judge ordered the Department and Board to approve the application.

After discussion the board voted to adopt the appellate order and approve the application with conditions.

With no further discussion the board voted unanimously to approve this report.

With no further discussion the board voted unanimously to approve this report.

AD HOC FINANCIAL MISCONDUCT COMMITTEE – PAUL DEL VECCHIO

Discussion occurred regarding Division II Bonding Requirements and how it's unnecessary because claims against the Recovery Fund cannot be made with respect to Division II contractors. An agreement was reached that if an applicant has a credit score of 660, they will not have to produce a bond. If their credit score is between 600 and 660, they must produce a bond (\$10,000 for Division II, \$20,000 for Division I) and maintain that bond until their credit score reaches 660. Rule changes will need to be made to the FRO rule so that the bond will not be payable to the Recovery Fund, but those bonds will be made payable to the Construction Board for restitution, fines, and costs.

The simplification of the application process was also discussed to comply with the Secretary's saving time and trees initiative, and ideas would be presented at a future Ad Hoc Committee meeting.

With no further discussion the board voted unanimously to approve this report.

OLD BUSINESS

No Old Business was discussed.

NEW BUSINESS

No New Business was discussed.

ADJOURNMENT
