

**Employee Leasing Companies (CO, EL, GL, GM)
Renewal Information
Renewal information for delinquent licensees**

Employee Leasing will receive a fee reduction this renewal.

Unless your renewal payment is postmarked by April 30, 2024, or your electronic payment is posted before midnight April 30, 2024 (ET), your license will be subject to disciplinary action.

Every day we work to improve the way we do business in order to serve you better. **A copy of your license will be sent to the email address associated with your online account once you renew your license.** This process significantly reduces the amount of time it would have otherwise taken for you to receive your license in the mail. The Department will no longer print and mail initial, renewed or duplicate licenses.

If you wish to print your license at any time in the future, you may do so using your secure online account with the Department. Please log into www.MyFloridaLicense.com to access your account and follow the step-by-step instructions on how to **print your license**. Additionally, after you have created an online account and linked your license, you may view a copy of your professional license on your mobile device using the DBPR mobile application. You may download the DBPR mobile application from the Apple App Store or Google Play. Once you have installed the application, select "My License" and enter the same login and password information that you used to create your online account to view a copy of your professional license.
