Executive Order Number 11-01

Director O'Bryant reported that Governor Scott signed Executive Order No. 11-01, on Inauguration Day, January 4, 2011, and stated that this Executive Order from the Executive Office of the Governor suspends all rulemaking for any agency under the direction of the Governor, which includes this division. Director O'Bryant further stated that this order suspends all rulemaking, the development of proposed rules, amendment of existing rules, or adoption of new rules, and it outlined that the Secretary of State shall not publish rulemaking notices in the Florida Administrative Weekly except at the direction of the Office of Fiscal Accountability and Regulatory Reform (the Office) created within the Office of the Governor. Director O'Bryant stated that the Office will review all proposed rules and regulations to determine if they unnecessarily restrict entry into a profession or occupation; adversely affect the availability of professional or occupational services to the public; unreasonably affect job creation or job retention; place unreasonable restrictions on individuals attempting to find employment; impose burdensome costs on business; and are justifiable when the overall cost-effectiveness and economic impact of the regulation, including indirect costs to consumers, is considered. Director O'Bryant stated that every rule the Commission makes, due to the number of licensees, has the potential to have an adverse economic impact on business as 90% of the division's licensee base would be considered a small business. Director O'Bryant also reported that the Attorney General's Office has outlined a process whereby some business practices they performed in the past

an in house short sale division so that any advisement comes from the directive of an attorney in those alliances. Director O'Bryant stated that the division has been working with the Florida Bar on several issues and short sales are one of those issues and that there is a very fine line between the unlicensed practice of law and accounting and we hear quite often that real estate licensees offering advise may be viewed as practicing outside the expertise their profession as a real estate licensee which is a violation of Chapter 455, Florida Statutes. Commissioner Enzor suggested it might be a good idea to have someone from the Commission to attend the hearing and he would pass that along to Florida Realtor. Vice-Chair Guju suggested that someone from the division attend as well.

Director O'Bryant provided a summary of the analysis of this bill and explained that since the division has such a large licensee base any change to real estate rules that may have the smallest economic impact would most likely meet the monetary lower limits outlined in the statute and that particular rule would not take effect until the Legislature has taken action on it during its regular session.
