Statement of Nondiscriminatory Policy

Introduction

This Candidate Information Booklet (CIB) is designed to introduce Computer Based Testing and provide candidate information for this examination. The Department of Business and Professional Regulation has retained the services of Pearson VUE to schedule, administer, score and report the results for computer based testing. Pearson VUE is a leading provider of assessment services to regulatory agencies and national associations and offers licensing and credentialing support services to associations, state agencies, and private industry.

Your examination(s) will be administered on an electronic testing system. The testing system eliminates the use of paper, pencil and answer sheets. Candidates input their responses by entering the answer of their choice (A, B, C or D). Before you begin the examination, you will have an opportunity to go through a tutorial on the computer. The computer is very simple to operate; it should only take you a few minutes to learn to use it. The screen features a variety of function buttons to help candidates navigate through the examination. The function buttons are located in the same position throughout the test. Candidates can mark a question for review, move forward or backward one question at a time, or move to a specific question.

The summary screen, which can be accessed at any time during the examination, shows candidates the following:

- Number of questions answered
- Number of questions unanswered and/or skipped
- Time remaining for the examination

Pilot Testing

The Examination may contain a small number of experimental or “pilot test” questions. The purpose of including pilot test questions within the examination is to expand and improve the bank of questions from which future examinations will be drawn. This is a common practice used by many national and state examination programs and is a critical step in ensuring the continued reliability and validity of these examinations.

In the event that pilot test questions are included within the examination, these questions will NOT be counted when computing scores. Additional time will be given for answering the pilot test questions. The time allowed for testing has been evaluated to ensure there is adequate time for completing test questions and pilot questions.

Pilot questions are NOT identified. If the pilot questions were identified, many of the candidates would skip them, and the results would not be valid. The development of a good examination requires accurate candidate response information for the pilot questions.

Test Taking Advice

The advice offered here is presented primarily to help you demonstrate knowledge and maximize your

chances of passing the examination.

- Read all instructions carefully.
- For best results, pace yourself by periodically checking your progress. This will allow you to make any necessary adjustments.
- Be sure to record an answer for each question, even the items about which you are not completely sure. You can note the questions you wish to reconsider on the computer testing system and return to them later.
- Alert a Proctor or Test Center Manager to any problems that may occur during the examination. Do not wait until the examination is over to inform someone about a problem.

Supplies

It is expressly understood by each candidate that the State of Florida, and/or the Department of Business and Professional Regulation, and the Department's staff hereby assume absolutely no liability of any nature whatsoever for any items of the candidate's personal property which may have been brought to, left at, or left outside the examination site.

It is further understood that the candidate's admission to the examination shall hereby constitute the candidate's full, knowing, and complete waiver of any and all such claims against the State of Florida, and/or the Department of Business and Professional Regulation, and the Department's staff.

What to Bring

All candidates will be required to bring the following items to the testing center on the day of the examination:

- Personal items are not permitted in the examination room. Any personal items such as toiletries, snacks, etc. must be encased in a clear plastic bag, no larger than 8" X 11" in size and kept in the locker provided by the vendor.
- Two forms of valid signature identification, one of which is government issued: driver's license, state identification card, passport or military identification card. **Student or employment I.D. cards and photo bearing credit cards are not acceptable as picture bearing identification.** Candidates will not be admitted without showing proper identification. - Calculators are permitted if they are silent, hand-held, battery-operated, nonprinting, and without an alphabetic keypad. Candidates that chose the online proctored exam must use the calculator feature built into the exam. Solar calculators are not recommended.

Translation dictionaries shall contain word-for-word or phrase translations ONLY. Dictionaries that contain definitions of words, explanations of words, or handwritten notes may NOT be used.
- Electronic translation dictionaries are NOT recommended as most will have more than word-for-word or phrase translations, an alphabetic keypad, have mathematical formulas and stored memory capabilities. Should these electronic translation devices have these capabilities; these devices WILL be rejected by the Proctor or Test Center

Manager in NOT being suitable for the test site environment.

- Testing Center staff will inspect and approve each dictionary before it can be used during the examination. In order to maintain security and to ensure fairness to all candidates, candidates are limited to the use of a single dictionary.
- If you have any questions concerning acceptable translation dictionaries, please contact the Bureau of Education and Testing at 850.487.1395.

What not to Bring

You may take up to fifteen (15) minutes to complete the tutorial and the Test Center Manager will answer any questions you may have about the computer testing unit at this time.

All candidates will receive an official photo-bearing exam result report immediately following completion of their examination. Please verify that all information is correct on your exam result report prior to leaving the test center.

Examination Review and Fees

Candidates who fail an examination are entitled to review the questions they answered incorrectly, under such terms and conditions as may be prescribed by the Department of Business and Professional Regulation. Candidates are entitled to review only their most recent examination. The candidate shall be permitted to review only those questions the candidate answered incorrectly.

The request to review must be made within 21 days from the date of the examination and can be scheduled by going online to: <https://home.pearsonvue.com/> or by calling 1.888.204.6230. The same security requirements observed at the examination will be followed during the review session. Reviews will be held at a Pearson VUE testing center.

The fees associated with reviewing a Computer Based Testing examination are included in the following link:

http://www.myfloridalicense.com/dbpr/servop/testing/documents/cbt_exam_admin_Fee_2016.pdf.

***Effective January 3, 2023, DBPR candidates taking a State of Florida licensure examination through the Department's computer based testing (CBT) vendor, Pearson VUE, will notice a fee increase when registering and paying for their examination. The web link below includes the new examination fee prices for the respective DBPR CBT examinations:

[Updated Computer Based Testing Examination Administration and Review Fees](#)

While DBPR fees for applications and licensure are being reduced to offset the increases in examination fees, candidates may still visit the [Pearson VUE Web Page](#) to purchase vouchers for their examinations before the new fees take effect on January 3rd. The vouchers can be redeemed within 12 months from the date they are issued, and allow candidates to pay for their examinations at current prices before the new fee amounts go into effect on January 3rd.

Review Session

The review session is considered to be an extension of the examination administration. Only the candidate may attend the review session. Proper identification is required to obtain entry. There will be no talking or note taking of any kind. Candidates are usually given one-half of the exam administration time. For example, a 2 hour and 30 minute examination will only receive 1 hour and 15 minutes to review. Candidate will not be able to see their original exam book since it is not retained, after the exam. Please note, that candidates who are registering for the exam to be delivered online via online proctoring, you will be asked to waive the ability to review your examination. If you would like the ability to review your exam, please register to take the exam at one of the testing centers.

Challenge Process

Written challenges are accepted for DBPR developed examinations. Candidates are given an opportunity during the review session to note in writing, on the computer, any objections they have to questions answered incorrectly. The challenges are forwarded to the Bureau of Education and Testing for review by a Psychometrician and subject matter experts to determine if there is any merit to the candidate's objection.

The response time to challenges, on average, is approximately 21 days. Due to the confidential nature of the examinations, the only response you will receive is "credit" or "no credit" for each challenged question. Credit will only apply to the candidate who reviewed and challenged. Per Rule 61-11.017(g) the candidate's challenges must be submitted in writing during the scheduled review. Any challenges or supporting documentation submitted after the candidate has left the review room shall not be accepted.

For informal review and formal hearing procedures visit:
<http://www.myfloridalicense.com/DBPR/examination-information/examination-reviews-and-hearings/>.

Reexamination Information

Candidates who fail the Florida Laws and Rules (FL&R) Examination must retake the examination for Florida licensure requirements. Candidates from non-accredited (foreign) schools who fail the examination three (3) times after October 1, 1989, shall be allowed to take it an additional three (3) times after they demonstrate to the Board Office that they have obtained a certificate from the Educational Commission for Foreign Veterinary Graduates.
